Absent were:

1. Minutes from the June 19, 2018 meeting were approved unanimously.

2. Issues or concerns

Discussion regarding the area behind the hospital; there is new water line being laid next to the old water line, they have to tie all the existing buildings in as they go along while not disrupting their service.

The project started in late May with the estimate being 180 days from the start time. They're making really good progress. They will end up paving the whole street.

The signal light at the crosswalk at TN and Georgia has a broken pedestrian button. Roger will pass along and check into it.

3. Comments or questions on road work in the city

It was asked if there is an outparcel with the new Taco Bell or if that lot is entirely for the Taco Bell; it's all for the new Taco Bell.

Although there are 2 out parcels near the new Freddy's, it's unknown what else may be looking to move in there. Freddy's may be opening in about 2 weeks

There is still fencing up in places in the new city center parking lot; it's for stored materials. Realty Link owns the parking lot, the perimeter road in front of Walmart, Walmart owns their own parking lot, Realty Link owns the out parcels.

4. Additional Business

None at this time.

5. Request for new business items or future briefings

There should be an update coming soon on the blueprint information. There is another scheduled public community meeting about the central city area.

Senior Center drawings were just recently delivered but haven't been reviewed at this time.

6. Adjournment

The meeting was adjourned at 735 PM.

The next meeting will be August 21, 2018.
