Wastewater Collection System Remediation Plan Report
Addendum No. 1

Dear Mr. Sayre:

Per your recent request, enclosed are:

1. The detailed schedule for the remediation program.
2. The hyetographs for the design and freeboard rainfall events used in the analysis.
3. A description of the projects that comprise the overall program. Please note that the description is general since the specific requirements will be determined during design.

I trust you will find the supplied information compliant with the Order. If you have any comments or questions, please contact Mr. Gary Cinder, P.E., Director of Public Works, at 865-425-1875 or email him at gcinder@corfn.org.

In accordance with Item 20 of this Order, the following language is included in this correspondence:

- "I certify under the penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."

Sincerely,
